

Quartz & Artificial Marble

MP Group is one of the leading companies and, a trendsetter in the world of Imported Marble and Granite in Nepal. The company was established in Kathmandu, Nepal, in 1989, and ever since it has been raising the bar with its quality products and superior services for its valuable customers. We believe in building your dream, not just selling our products.

We at MP Group take pleasure in representing ourselves as one of the most reputed Importer of natural stone such as Imported Marble, Granite, Sand stone, and Kota stone. Apart from natural stones, you can also discover each and every variety of Floor Tiles, Laminate Flooring, Quartz Stones, Bathware, Sanitaryware, Kitchen Sinks, and Kitchen Appliances at MP Group. We have the largest collection of products to choose from at a single stop thus, giving our customers a hassle free and stress free environment.

Prepare for the majestic beauty brought to your spaces by our collection of Engineered **Quartz**. This is a highly dense product and very close to natural granite. Engineered **Quartz** is crafted from highest quality materials ensuring they are resistant to stains, scratches, and cracks, and is impervious to heat and cold. This supreme material requires minimal maintenance. With its advanced sealant technology, **Quartz** stone surfaces remain hygienic and easy to clean, making them perfect for high traffic area as well.

Whether you are looking to upgrade your kitchen countertops, bathroom vanities, office countertops etc, our engineered **Quartz** have you covered. Jumbo size that the **Quartz** slabs come in allows it to be perfect for kitchen slabs with minimal joints. Experience the luxury and durability of **Quartz** stone surface today.

Artificial Marble transcends other engineered stones with its superior artistry and pedigree. Architects and designers have a natural affinity towards the artificial Marble owing to its flawlessness and consistency to highlight the essence of their vision and bring it to life. However, it also offers the steadfastness and durability of quartz, making it an ideal addition to Flooring, Staircase and office countertops etc.
